

RSFL San Francisco Libre Association

The Reading San Francisco Libre Association helps maintain links between Reading and San Francisco Libre, its twin town in Nicaragua. Following Hurricane Mitch, the association has been involved in fund-raising for emergency relief and rehabilitation. It is also encouraging Reading-based organisations and individuals to provide expertise and practical long-term development assistance. It encourages schools, churches, businesses and other organisations to develop links between the two communities, with scope for development assistance and exchange visits. Development assistance can be channeled through the Reading San Francisco Libre Trust (Registered charity number 1006736).

Running for San Francisco Libre!

**Reading Half Marathon
Sunday 7 March 2004**
